

Beavers Creative Activity Badge

Activity: Magic Wallet Trick

You will need

- Long strip of card or stiff paper 42cm x 15cm
- Print of 2 x Beaver faces below
- 2 small strips of paper 8cm x 5cm
- Glue stick / colouring pens / scissors
- For the trick draw a £5 note on a piece of paper

Instructions

Fold the long piece of card into 3 to make a Z shape. Put it in front of you so the uppermost piece opens like a book. Stick one of the Beaver faces on to the front cover. Turn the whole card over so the other side now opens like a book and stick the other Beaver face on that cover. Make a small mark on one of the Beaver faces just big enough for you to know one is plain & one has a small mark (you will need this for doing the trick). Take the 2 small strips of paper and glue down 2 short sides & one long side. Open the 'book' & place one strip at the bottom of the page to form a small pocket. Turn it over and do the same the other side. Watch the video for clearer instructions.

To do the trick. Hold the magic wallet & ask someone for a £5 note & tell them you can make it disappear! Put the money in the pocket & close the wallet. Be sure to check the Beaver face on the front does not have a mark. Hold the wallet & say 'abracadabra!' and as you say it turn the wallet around so the Beaver face on the front is the one with the mark. Open the wallet & hey presto the money has disappeared! Close it & say 'abracadabra!' again to make it reappear by turning it round again!

See video below to find out how to do the magic wallet trick & learn how to make your own trick <https://vimeo.com/660701045>

Risk Assessment

| | |
|---------------------------------|---------------------------------------------------------|
| Who is at risk? | Beavers |
| What are the risks? | Cuts |
| How can the risks be minimized? | Use child safety scissors Adequate adult supervision |
