

Flight Challenge!

Challenge: Make a successful paper plane. Then upload your pictures to: <https://surreyscouts.smugmug.com/upload/rJCRRm/science>

Use a sheet of A4 printer paper make a fold 12mm in along a long edge.

Keep folding over to about halfway.

Fold in half with the folds in the inside.

Give the aeroplane a gentle push into level flight, it should glide slowly for a good distance.
