

## Museum of Me Challenge!

Challenge: You have been given the task of producing a museum exhibition all about you because you are great! Collect together at least 10 things that tell the story of you. You might, for example, begin with a baby photo or some baby shoes. You might move on to your favourite teddy bear and so on right up until you have caught up to the age you are now. This gets harder the older you are! Then upload your exhibit picture to:
