1st Cuddington  
(Warspite) Sea Scouts

## Water Safety Challenge!

Challenge: Every year, people get into trouble on the water. Your task is to research how to keep people safe and to design a poster to tell others about it. Then upload your pictures to:

<https://surreyscouts.smugmug.com/upload/hD42hS/seascoutschallenge>

You might want to think about:

- Float to live
- Watching out for Rip Tides
- Checking tide times before walking along beaches
- Telling people where you are going
- Making sure you know how to raise the alarm.
- Never going into the water to help someone.

You might want to look at the websites of:

- [RLSS](#)
- [RNLI](#)
- [Surrey County Council's Water Safety Page.](#)

### The Learning

Scouts, Explorers and Adults may also want to do a free online Water Safety Qualification. [FREE online water-safety course](#). It will take about 30 minutes and provides a great introduction.
